# 60 minutes in focus: Our topics

**Impact of AI**

---

**Significance for you as a leader**

---

**Competence model**

---

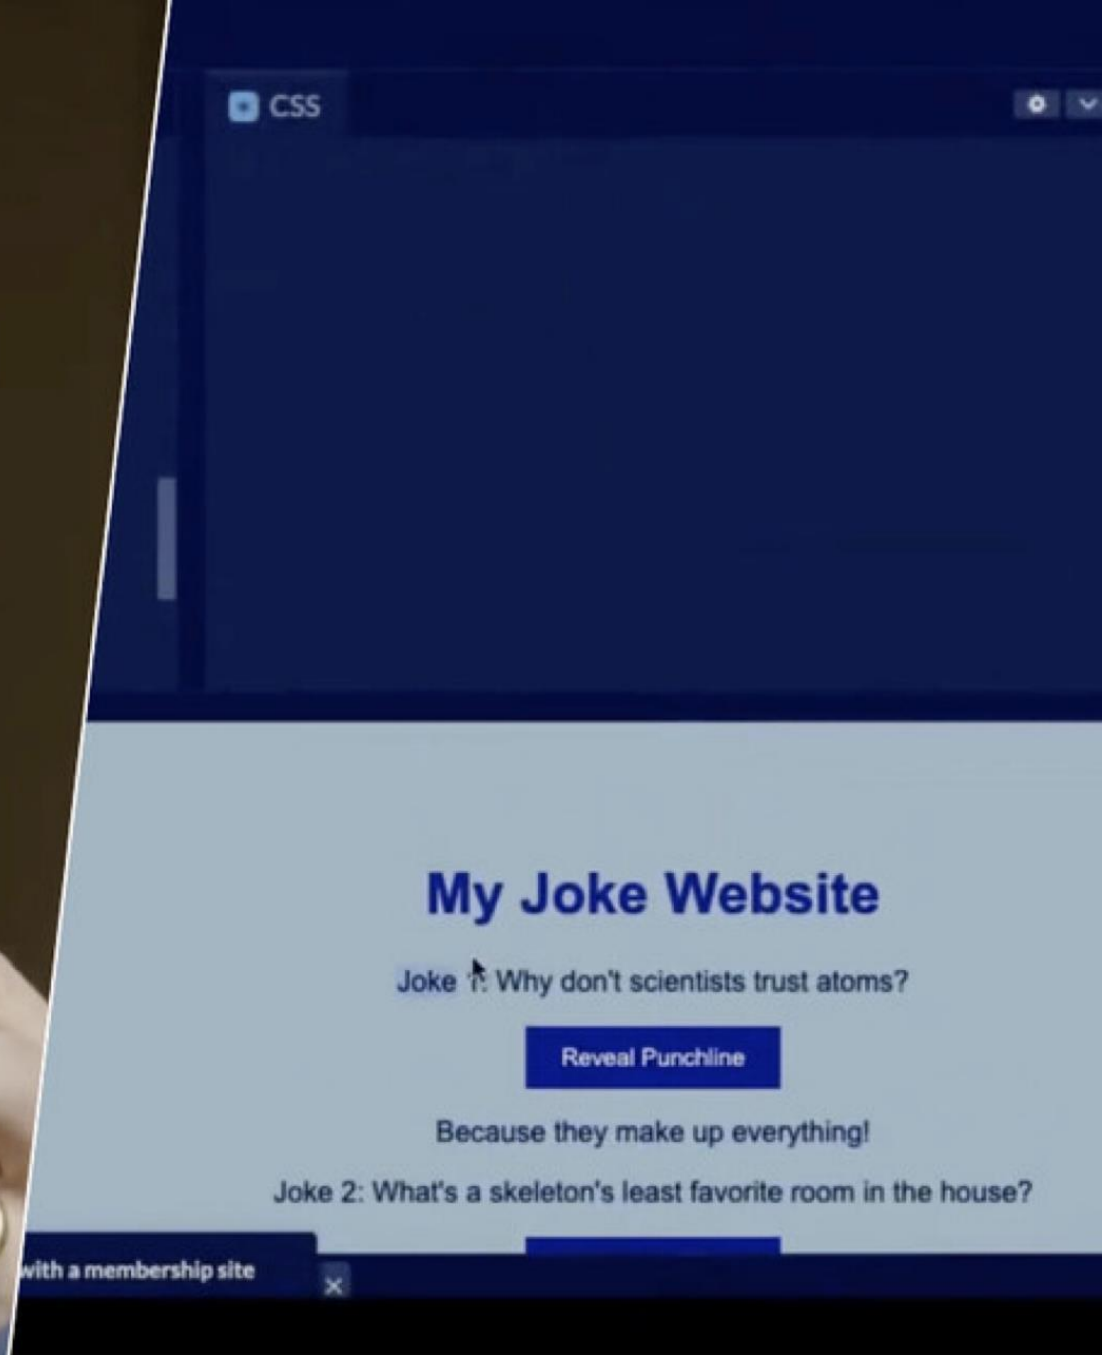

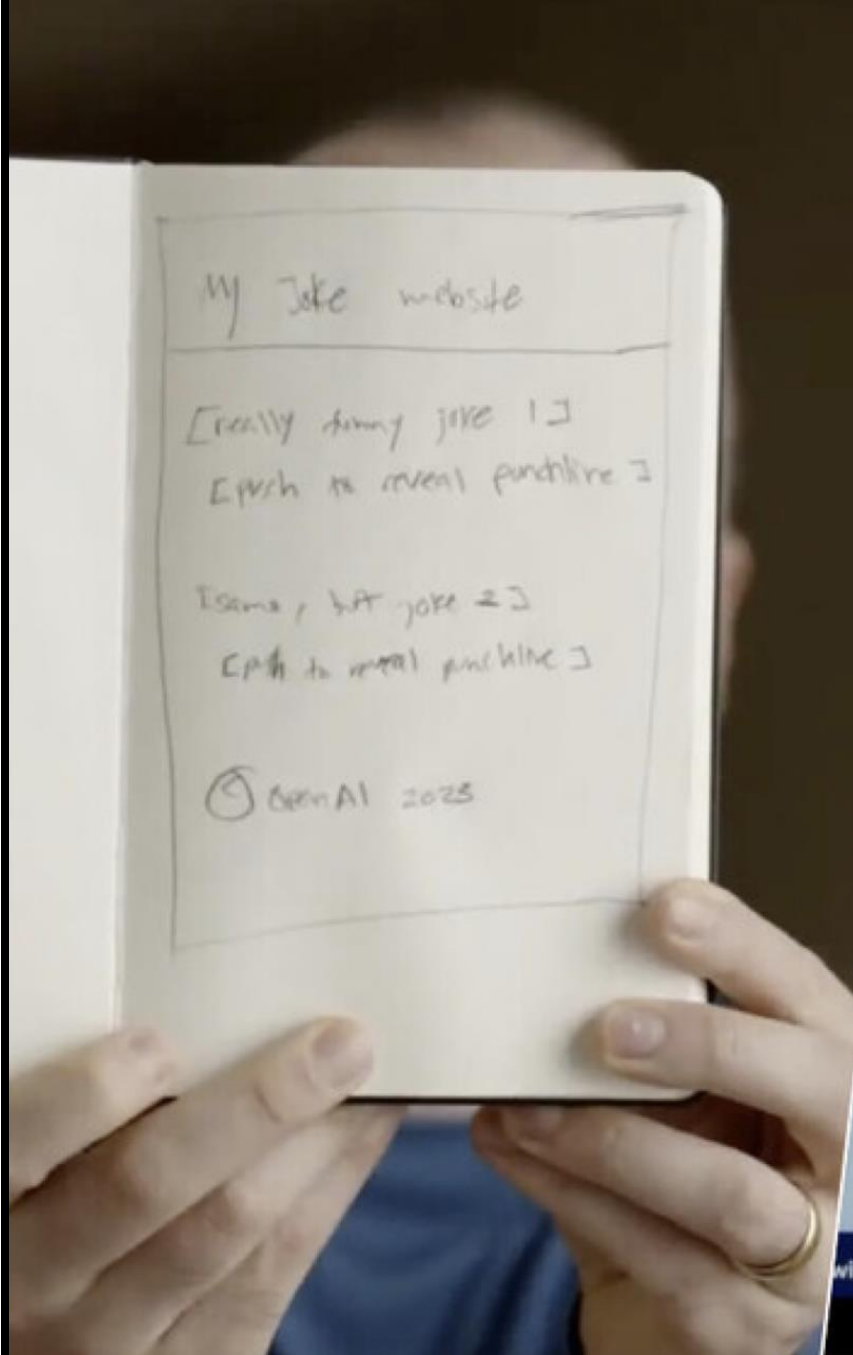

**What to do**

**„Software Is Eating the World,  
but AI Is Going to Eat Software“**

Jensen Huang  
CEO Nvidia

# Mentimeter: Private and corporate use

March 2023  
"iPhone Moment"  
for AI  
1.85 billion users\*

# Self Assessment: I specifically use AI applications to increase my own productivity

<https://www.menti.com/q14anvcymvj5>

# AI is currently 'not an issue' for 21.2% of companies in Germany\*

■ in use ■ planned ■ discussed ■ not an issue

AI will make the working environment...

... more human.

**-92M jobs by 2030\***  
Artificial Narrow Intelligence

**+ 170M jobs by 2030\***  
Human General Intelligence

**+ 7% Jobs by 2030**

Standard tasks

Creative work

Automation

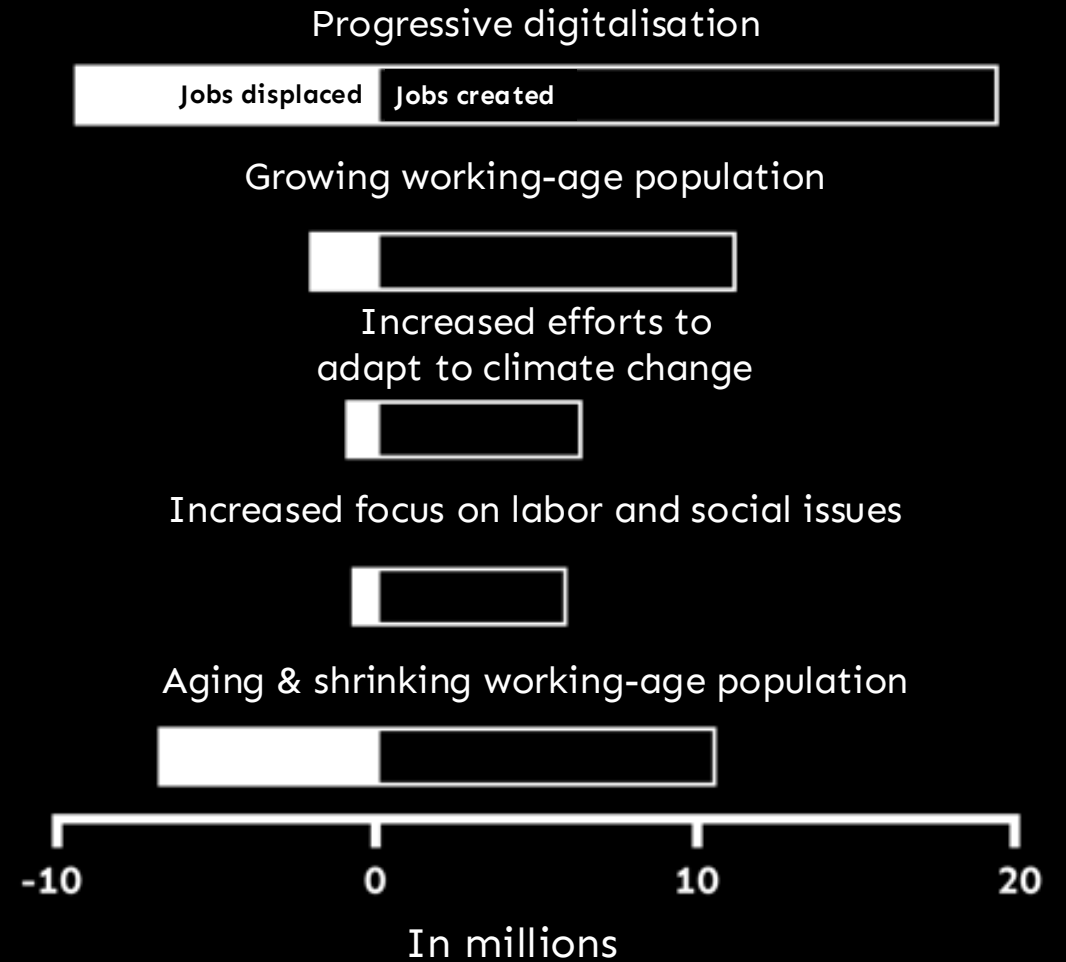

"Trainer" of the AI

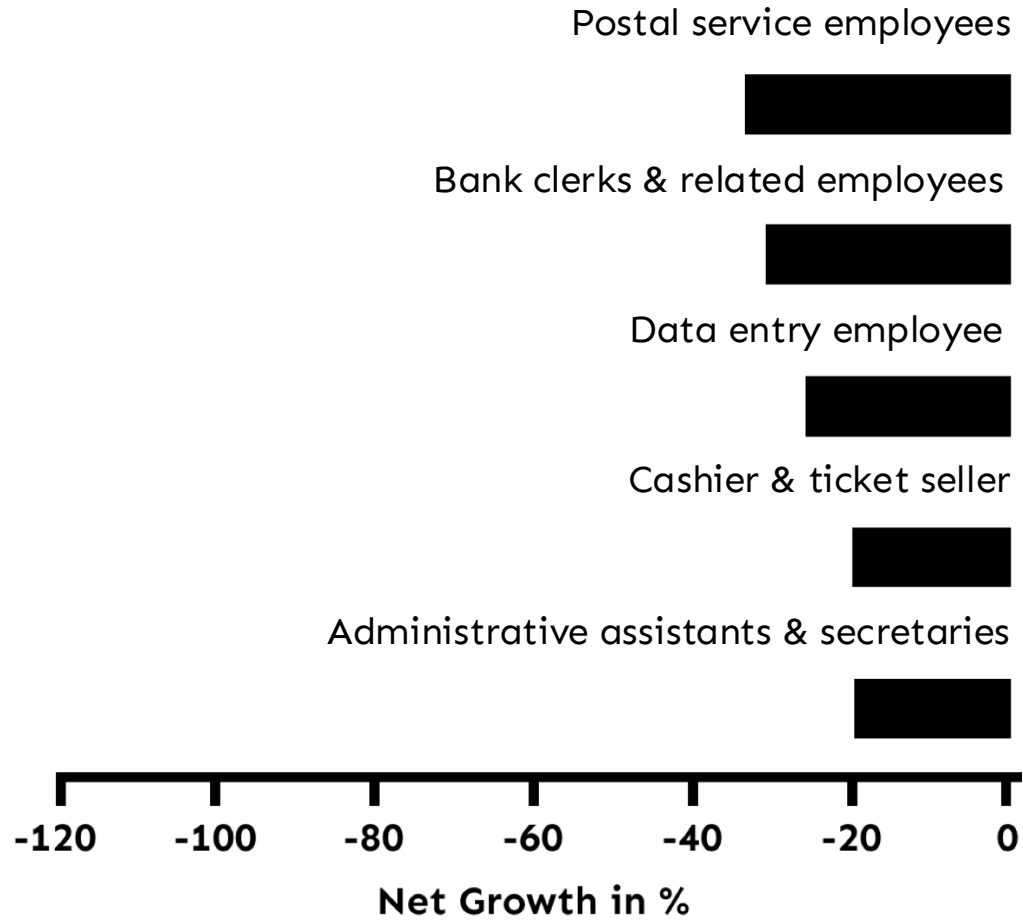

# TOP 15

**FASTEST GROWING  
AND DECLINING  
PROFESSIONS BY 2030**

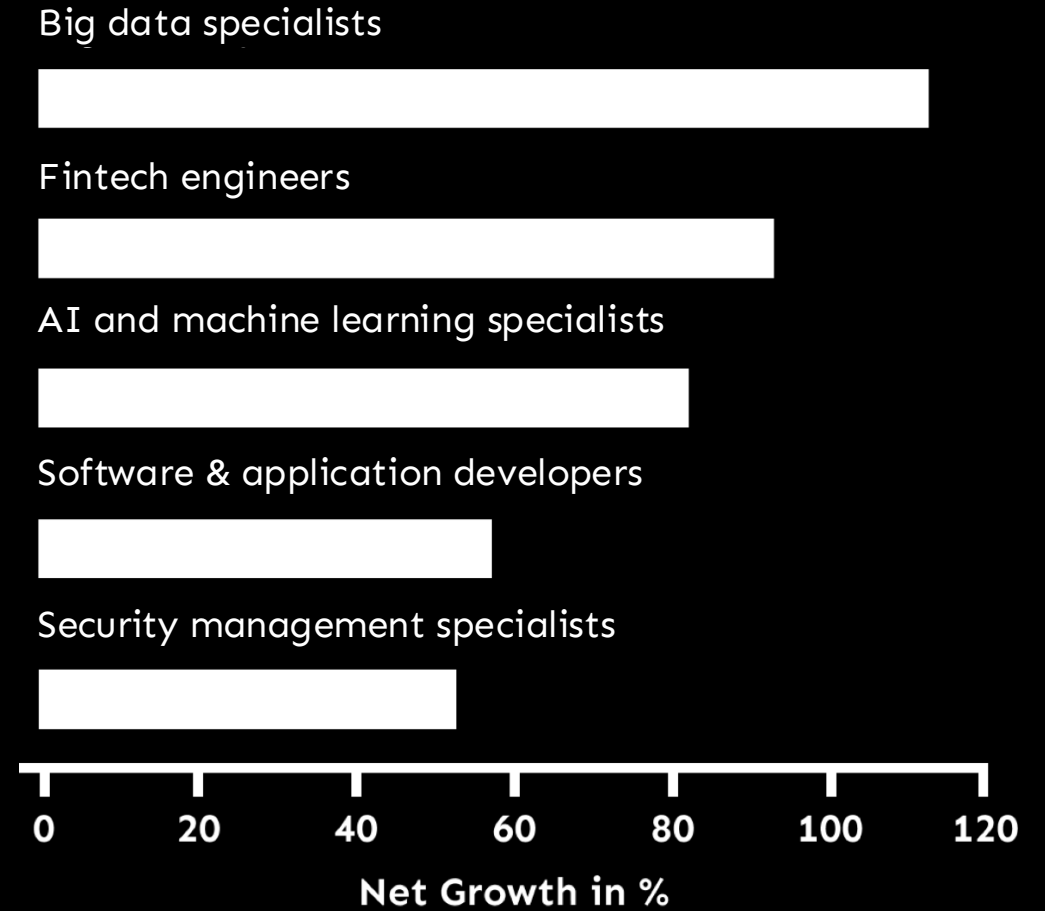

## Impact of macro trends on the world of work\*

## Fastest declining professions\*

## Fastest growing professions\*

# How KIM can support you as a new team member:

Hi, I'm KIM

- Assistance tasks
- Creation of presentations
- Global knowledge management
- Programming
- Complex analyses and forecasts
- Workflow automation
- Anomaly detection
- Trainings
- Corporate communication

Here a video of KIM was shown.

# Significance for you as a leader

# Poor leadership is a risk factor for business success

Leader burn their companies' money when they lead badly\*

**55%**

of CEOs\*\* (global) say that developing the next generation of leaders is their biggest challenge.

[DDI Global Leadership Forecast 2021](#)

\*\*about 18,000 respondents from 50 countries in 24 key industry sectors

**19%**

of employees in Germany are not emotionally committed to their employer and work by the book (highest level since 2012).

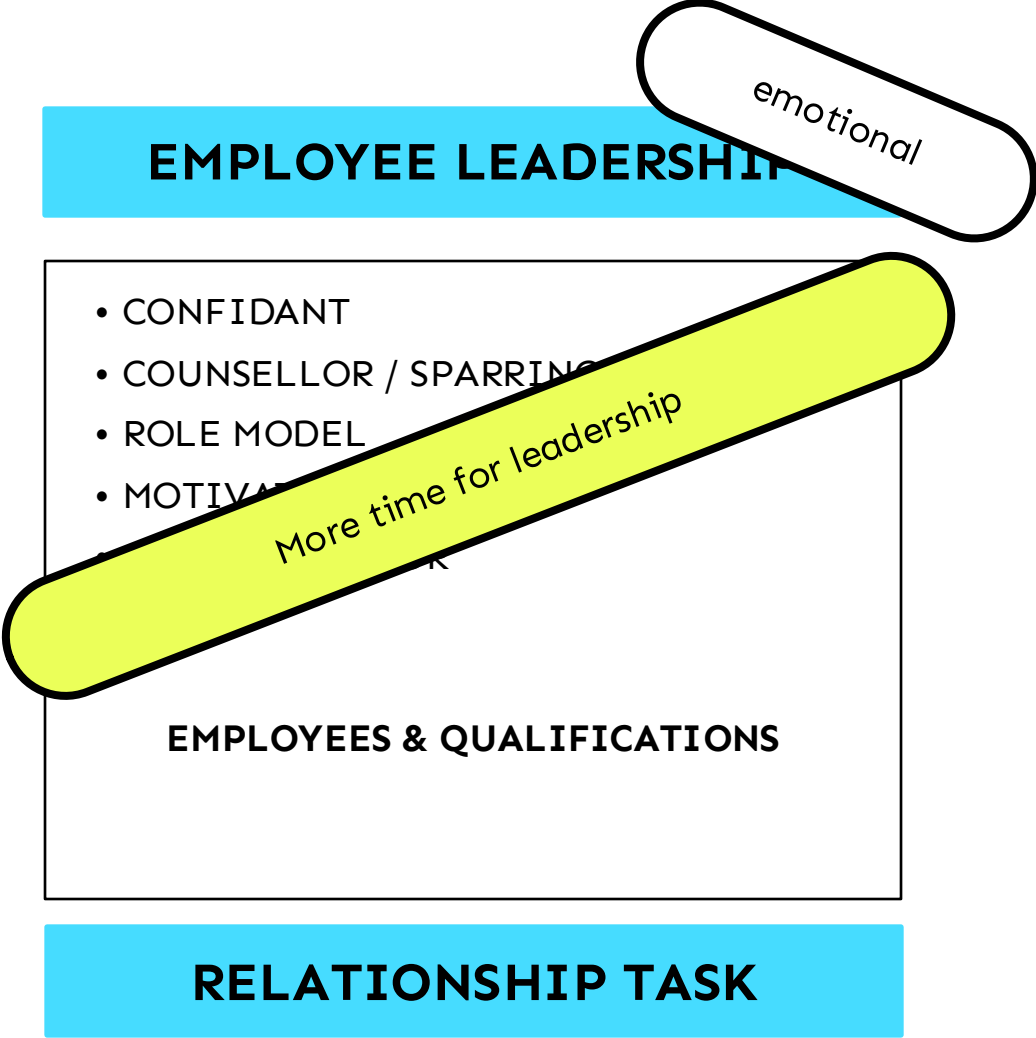

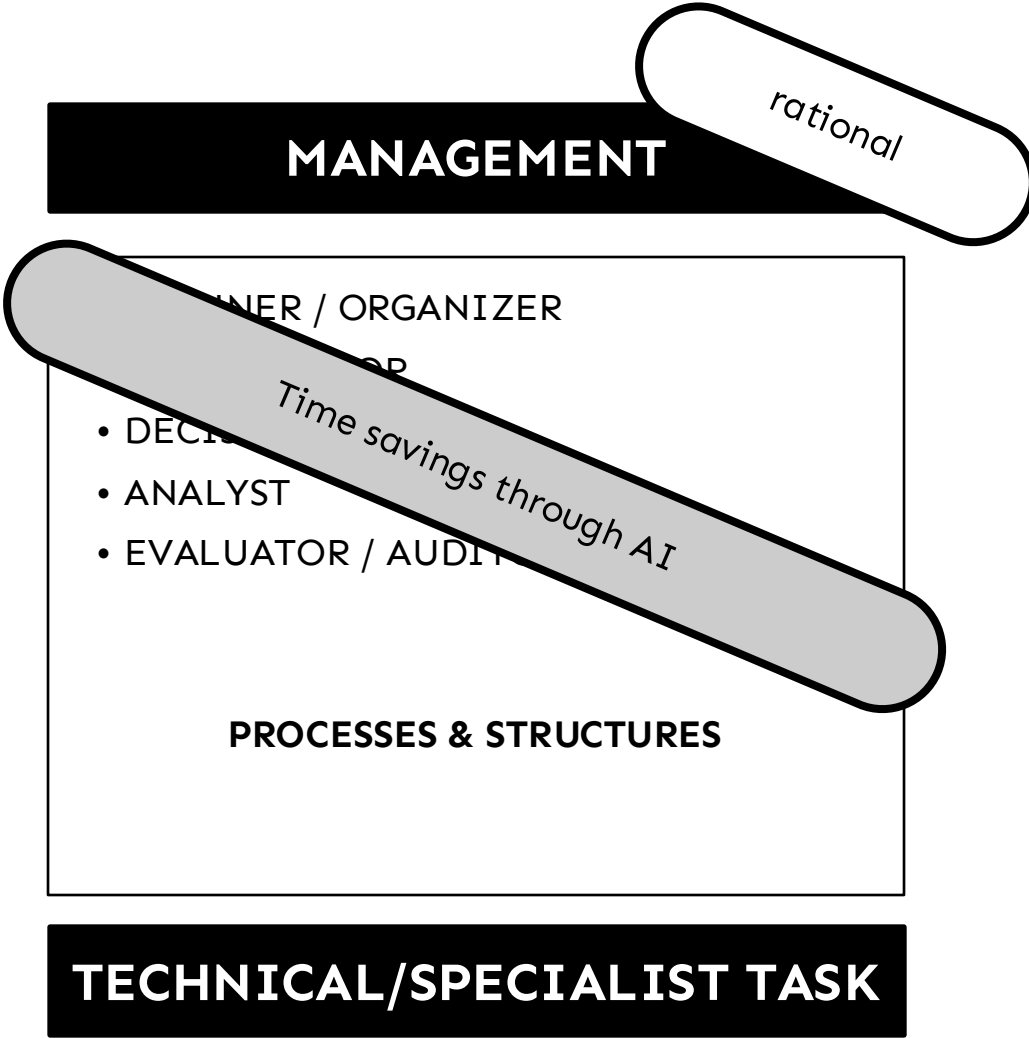

[Gallup Engagement Index Germany 2024](#)

**167 BN €**

productivity losses due to the lack of emotional attachment to the German economy.

[Gallup Engagement Index Germany 2024](#)

# AI revolutionises leadership

**EMOTIONAL  
INTELLIGENCE**

**PERFORMANCE  
ENHANCEMENT  
AND WELL-BEING**

# Emotional Intelligence leads to improved performance and well-being

## Traditional understanding of leadership

Dominant

Huge ego

Reigns

Leadership through fear and power

Untouchable

# Modern understanding of leadership

Powerful and gentle

Natural leader

Servant

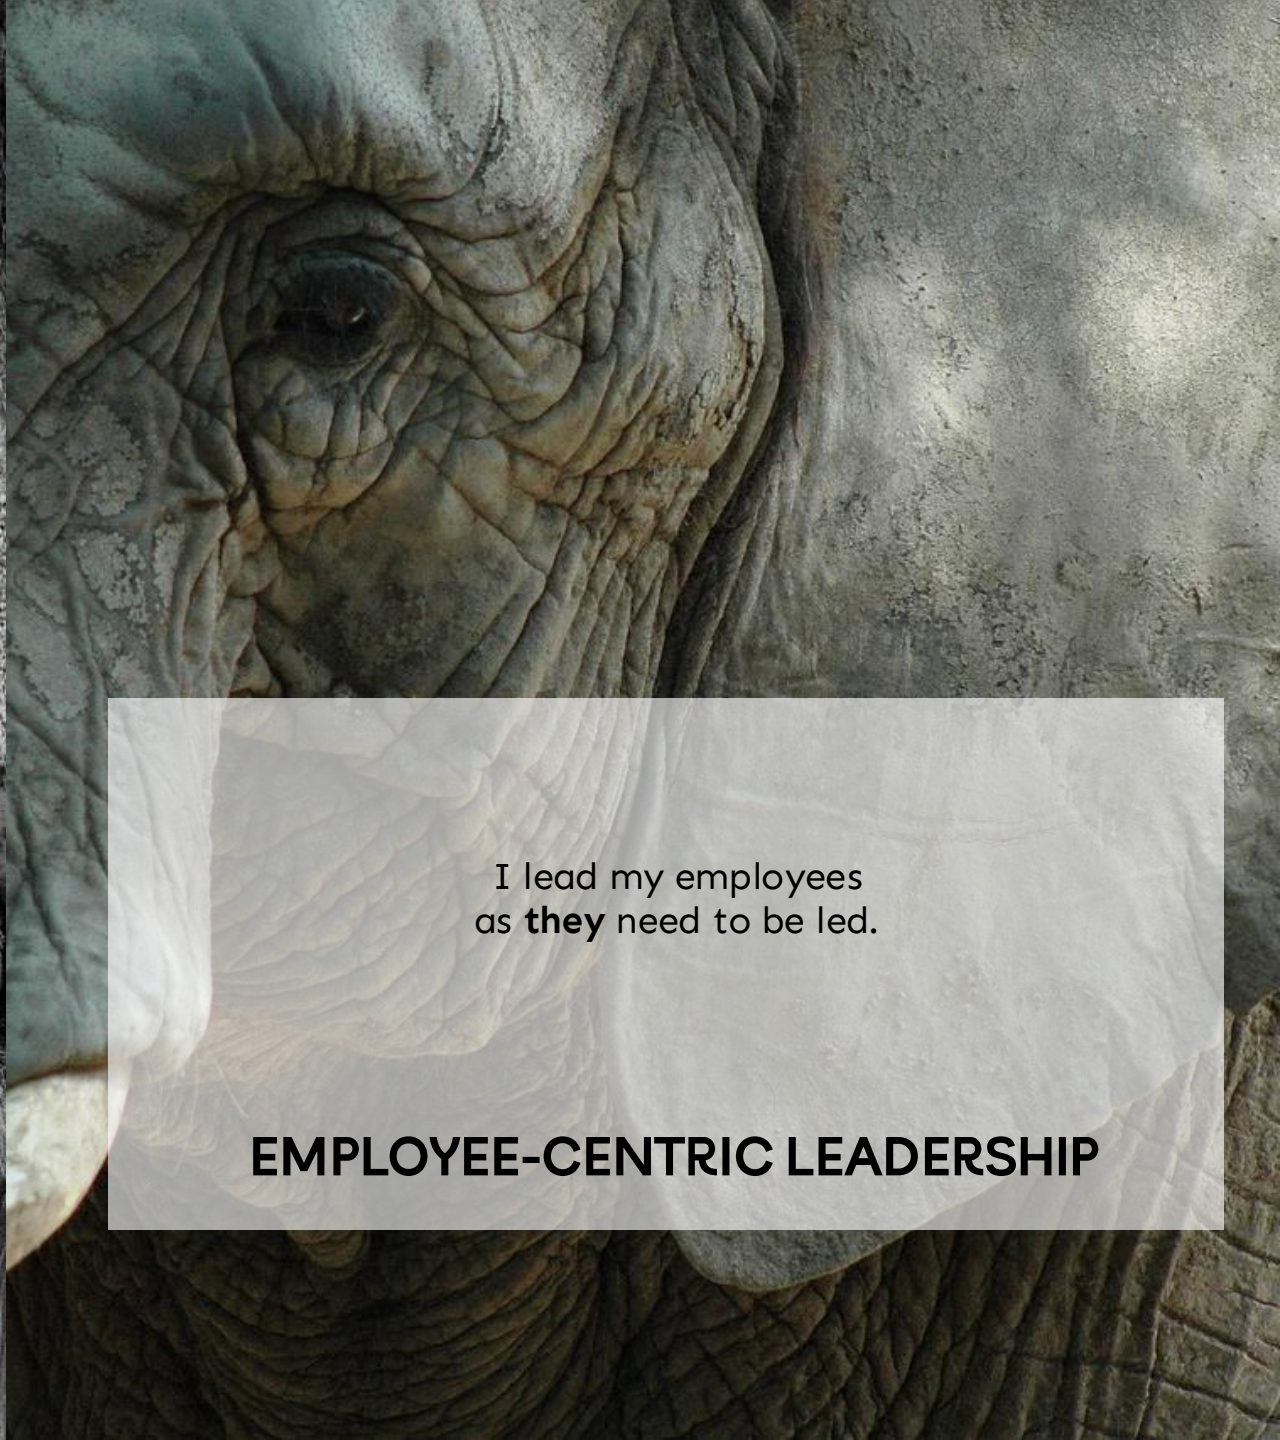

Trustworthy

A close-up, black and white photograph of a lion's face, focusing on its eye and the texture of its mane. The lion is looking slightly to the right.

I lead my employees  
the way **I** want to be led.

**OBSOLETE LEADERSHIP**

A close-up, black and white photograph of an elephant's face, focusing on its eye and the deeply wrinkled texture of its skin. The elephant is looking slightly to the left.

I lead my employees  
as **they** need to be led.

**EMPLOYEE-CENTRIC LEADERSHIP**

# Leadership with heart: Harnessing the elephant within us

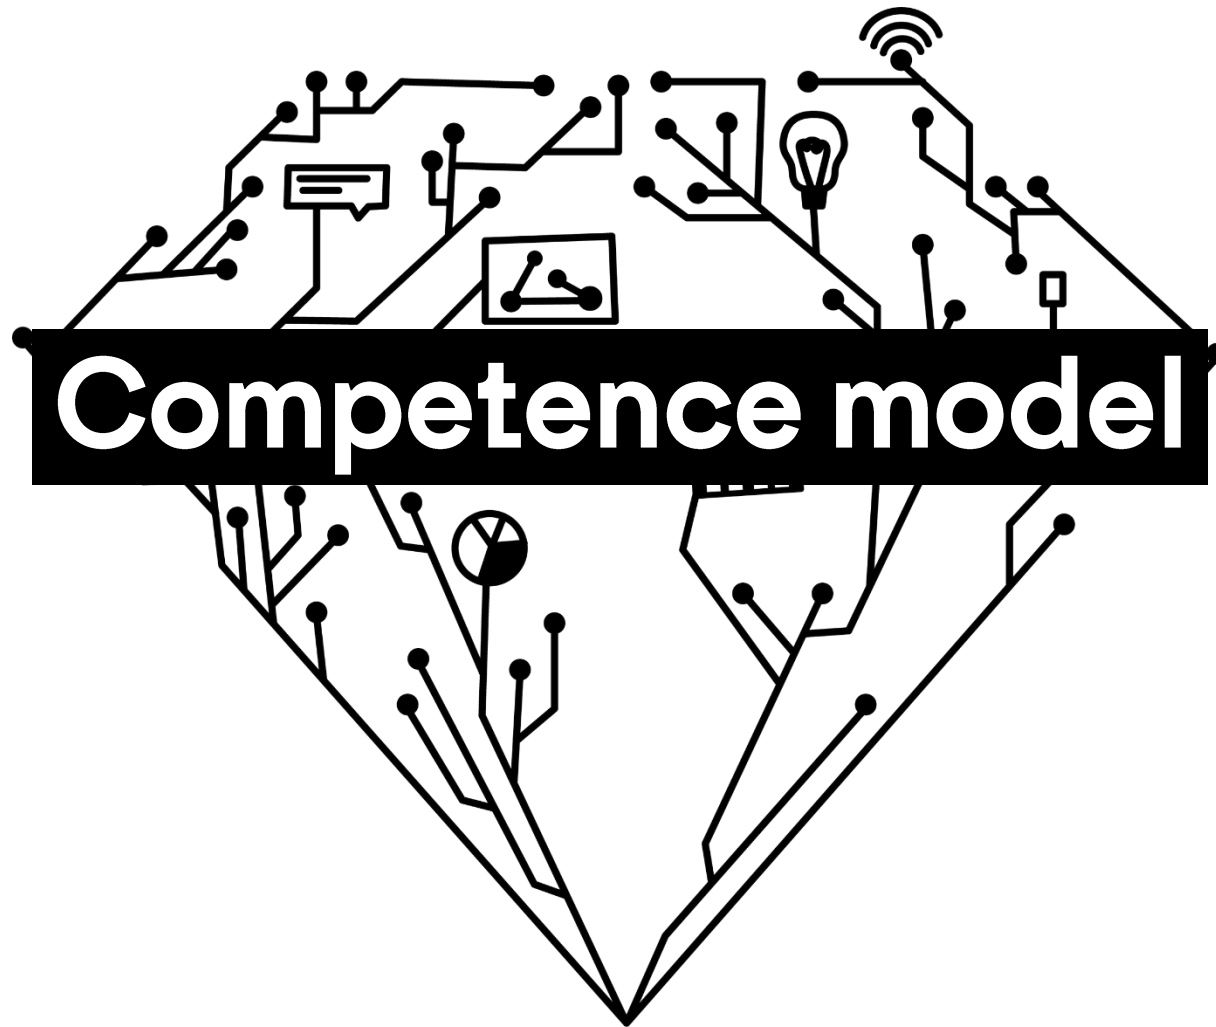

Fun Fact

# Leadership with heart: Harnessing the elephant within us

Fun Fact

# The 7 skills of the modern leader in the age of AI

## EI, Empathy

Understanding the individual person and focusing on them as part of an employee-centered leadership approach.

## Willingness to learn

Show curiosity for new things, use feedback and mistakes as opportunities for further development and exemplify a continuous willingness to learn.

## Enthusiasm for data & technology

Using data as a basis for decision-making, actively following technological trends and encouraging experimentation with AI solutions within the company.

## Adaptability & Openness

Respond flexibly to new situations, be tolerant of alternative views and actively promote diversity in global and cultural contexts.

## Creativity & innovative capability

Think visionary, act strategically and develop innovative solutions for complex challenges through lateral thinking.

## Systemic thinking & design

Create framework conditions that enable business AI readiness and promote a healthy and productive working environment.

## Courage to change

Remain authentic, exemplify a culture of error and radiate enthusiasm for solving major company problems.
